Kalvermarkt 14H, The Hague - City Center

Spectacular penthouse in Amadeus – exceptional living in the heart of The Hague

Living at the highest level takes on an entirely new meaning here – both literally and figuratively.

Residence Makelaars is proud to present this exceptional penthouse in the prestigious Amadeus residential complex, situated in the vibrant heart of The Hague. A residence where generous proportions, luxury, privacy and truly breathtaking panoramic views come together.

Occupying the top floor, Kalvermarkt 14H offers a residential experience rarely available in The Hague. Thanks to the impressive expanses of glass, the city provides a spectacular backdrop from almost every room. On clear days, the unobstructed panoramic views extend towards the coast, Delft, Rotterdam and the Port of Rotterdam. During the day, natural light floods the interior; as evening falls, the views transform into a magnificent panorama of city lights.

With four bedrooms, four bathrooms, three WCs, exceptionally spacious living areas, a high-end kitchen fitted with premium European appliances, a fantastic enclosed roof terrace and two parking spaces in the underground car park, this is a residence for those seeking an exceptional standard of living without compromising on comfort, privacy or location.

The property also benefits from underfloor heating and cooling, ensuring a pleasant and stable indoor climate throughout the year.

Amadeus – sophisticated and secure living above the city

It is not only the penthouse itself that is exceptional; Amadeus also contributes significantly to the exclusive residential experience.

The impressive communal entrance has an elegant, almost Parisian character. High ceilings, beautiful natural stone and refined finishes immediately create the sophisticated atmosphere one would expect from a building of this calibre.

The lifts feature secure access, providing an enhanced level of privacy and security – a particularly valuable feature in such a central city-centre location. The building is also equipped with a security system.

One of the particularly attractive features of Amadeus is its beautifully landscaped green courtyard garden, exclusively accessible to residents. In the midst of the dynamic city centre, this provides an unexpected oasis of tranquillity – a wonderful place to read a book, sit outside or simply escape the bustle of city life.

The name Amadeus also has a special connection with the history of this location. Wolfgang Amadeus Mozart stayed in a house on the same city block during his time in The Hague, a historical connection that lives on in the name of the Amadeus complex.

Here, you experience the best of both worlds: the vibrant centre of The Hague is literally at your feet, while high above the city you can enjoy peace, privacy, space and spectacular panoramic views.

An impressive living space

The exceptionally spacious living room forms the heart of the penthouse. The extensive glazing and unobstructed views create an extraordinary sense of space and natural light. From the various seating and living areas, the skyline of The Hague remains a constant and impressive presence.

A fixed staircase leads to the open-plan living area with the fully equipped kitchen. The luxurious kitchen is generously arranged around an attractive cooking island and fitted with premium European appliances from brands including Miele and ATAG.

The exceptionally comprehensive specification includes two dishwashers, a combination oven/microwave, a separate oven, an integrated coffee machine, hob, extractor, Quooker and Insinkerator.

The kitchen is therefore not merely a functional space, but an integral part of the overall living experience. A wonderful place for elaborate cooking, spending time with family or entertaining guests, with the city providing a spectacular backdrop.

An exceptional roof terrace high above the city

The living area provides access to one of the absolute highlights of Kalvermarkt 14H: the fantastic, generously proportioned enclosed roof terrace.

This substantial outdoor space, situated high above the city, offers ample room for a large dining table, lounge area and barbecue. Long summer evenings with friends, dinner overlooking the skyline, or simply enjoying a quiet cup of coffee in the morning – outdoor living in the heart of the city takes on an entirely new dimension here.

The enclosed design provides additional shelter and privacy while retaining the spectacular panoramic views.

Comfort and practical amenities

In addition to four bedrooms and four bathrooms, the penthouse offers three WCs and a separate, practical laundry room.

Parking and storage have also been carefully considered. Two parking spaces belonging to the property are located in the secure underground car park, with provision for charging an electric vehicle.

Adjacent to the parking spaces is a private storage unit of approximately 6sq.m., providing valuable additional storage space.

Secure bicycle parking is also available within the underground car park.

Exact floor area subject to the measurement report.
